This trip to Cuba for the Havana Jazz Festival with the Blue Note is one of our all time favorite trips. I cannot say enough about it. The music was otherworldly. And Jorge Pacheco is the best pianist I have ever had the privilege to see and hear play. I grew up around pianists in my family and truly appreciate what it takes to play at his level. This is a trip of a lifetime, don't miss it!

Larry, Jazz Fest 2024

Our Blue Note trip to Havana for the 2024 Jazz Plaza Festival was unforgettable. The quality and variety of the music, dance, and other cultural activities was so impressive. Pacheco, besides being an incredible musician, was a very gracious host. He was friendly and open and more than willing to answer our questions and share details of his family life and career. It was obvious through his interactions with other musicians that he is highly regarded by his fellow Cubans and internationally.

During their time at the Finca, Hemingway became a fixture of Havana, and stayed in the country longer than many Americans chose to after relations between Cuba and the United States began to deteriorate.
